

FROM THE DIRECTORS

What an amazing year! Our department continues to leave no stone unturned in delivering on its mission to provide vibrant, healthy communities through people, parks and programs. Without the ongoing support and assistance of the city administration, mayor's office, city council and the Recreation Commission, we would not be able to accomplish the goals highlighted in this report.

Our department had a very productive year. We earned numerous accolades through GRPA, including Distinguished Programmer of the Year, multiple programs of the year and recognition for several big projects we completed.

One example is Optimist Park, it looks wonderful and serves a need in West Carrollton. It is in constant use and is a joy to see.

We are thankful for countless partnerships with community organizations and corporate sponsors, volunteers and our dedicated staff. These relationships help us remain forward-thinking and creative with our programming and maximize our resources. We look forward to starting several new projects that will enhance the lives of our citizens and continue to look for ways to improve and enhance what we currently have while planning for the future. Thank you for the continued support. 2022 promises to be filled with excitement for the City of Carrollton.

ECONOMIC IMPACT

Tourism in our community depends heavily on the Carrollton Parks and Recreation Department for tournaments, meets, parks and recreation facilities to bring people to Carrollton. COVID-19 caused the cancellation of many of our tournaments and meets. Of those we did host, the economic impact is still substantial and generates direct earnings, jobs and tax revenue for Carrollton. Our staff is committed to providing quality programming, parks and facilities and pride ourselves on hosting events that many cities our size would not consider. The Carrollton GreenBelt continues to bring in visitors from all over the country to ride our trail. We enjoy the opportunity to contribute to an improved quality of life for our community

TOURNAMENTS AND MEETS ECONOMIC IMPACT - \$9 MILLION

We hosted **28 tournaments** on weekends throughout the year that brought in nearly **20,000 spectators** and generated approximately **\$9 million in economic impact**. Tournaments included were softball, baseball, volleyball and disc golf.

Our goal is to provide our patrons a safe and satisfying visit while helping to keep our hotels and restaurants full, and our stores busy by hosting events, tournaments and meets on a regular basis.

Typically, visitors staying the night in Carrollton generate \$100 dollars of economic impact while day visitors usually spend about \$50 into the local economy.

YEAR IN REVIEW FINANCIALS

	Expenditures	Revenue	Totals
City of Carrollton Funding	\$ 5,412,488.44	\$ 1,262,400.00	\$4,150,088.44
Actual 2020 - 2021	\$ 4,394,602.10	1,340,981.93	\$ 3,053,620.17

SAVINGS OF \$1,096,468.27

	Proposed Budget	Percentage for Fiscal Year (should be 100% or less)	Actual Expenditures
Administration	\$1,005,539.00	92.98	\$934,930.12
Parks & Facilities Maintenance	\$2,040,233.44	88.60	\$1,556,232.74
Programs	\$1,164,044.00	89.77	\$1,045,002.19
Athletics & Aquatics	\$1,202,672.00	71.38	\$858,437.05
Total:	\$5,412,488.44	85.68	\$4,394,602.10

DEPARTMENT AWARDS

DISTINGUISHED PROFESSIONAL STATE AWARD AND DISTRICT

DONNA FORD

Donna Ford has dedicated her life to recreation. She has been an active member of GRPA and the 4th District for more than 37 years, NRPA for more than 20 years and has attended more than 30 conferences. Through the years, she has overseen every aspect of recreation, including athletics, aquatics, programming, camps, therapeutics, seniors, special events, fitness, gymnastics, cheerleading, Special Olympics, Main Street and administration.

ATHLETIC/AQUATIC NETWORK PROFESSIONAL

ORA CHISM

Ora Chism is heavily involved in her community. She can be seen volunteering at track meets, cheerleading competitions and the Elite Track Program, which she created. She is also very present on the basketball scene, as an official and running both district and state tournaments. The Elite Track Program provides an opportunity for kids to have extra competition and exposure. There is no question our track program and cross-country programs are thriving because of her devotion. In addition to these responsibilities, she runs one of our department's biggest recreation centers and never misses a beat.

PROGRAMMING NETWORK OUTSTANDING SUPPORT STAFF

LISA DEMING

Throughout her life, Lisa Deming has dedicated herself to helping seniors live happier, healthier lives. She has worked with seniors for more than 24 years. Her dedication to the Senior Center and her tremendous value to the department are evident every day as she makes a difference in the lives of senior adults in our community.

PARKS/MAINTENANCE NETWORK OUTSTANDING SUPPORT STAFF

GARY THOMPSON

Gary Thompson has dedicated himself not only to the Parks and Facilities Division, but to the entire community. He led one of the biggest renovation projects at the Lakeshore Natatorium. He also participates in a number of community events. He began volunteering as a coach the moment his children could play sports. He has been a volunteer coach for football, baseball, basketball, golf and has demonstrated the ability to help young athletes reach their full potential.

VOLUNTEER NATION

YOU MAKE A DIFFERENCE

More than 100 volunteers worked for our department in some capacity this year. As a nonprofit organization, the Carrollton Parks and Recreation Department depends heavily on the giving nature of volunteers. With all the shutdowns and cancellations due to the pandemic, our volunteer base was down by several hundred this year. While it was determined not to be in everyone's best interest to hold our annual volunteer banquet in 2020, we do recognize that we could not do all we do without the help of volunteers. They save us hundreds of thousands of dollars in wages and contribute to an improved quality of life for our community. Without volunteers, we would not be able to offer all the programming we provide.

▶ Without our Volunteer Nation, it would **cost the City of Carrollton \$1.5 million a year out of the general budget to pay volunteers minimum wage** (\$7.25 an hour). Thank you, volunteers!

AGENCY OF THE YEAR

The Georgia Recreation and Parks Association named Carrollton Parks and Recreation Department 4th District Agency of the Year. The award was presented on October 20, 2021, during the annual banquet in Clayton County. GRPA District 4 includes Carroll County and 26 other local agencies. Each year, submissions are sent to an awards committee that votes for the agencies that excelled at delivering recreational services, park development and leisure services.

DEPARTMENT VOLUNTEER AWARDS

OUTSTANDING VOLUNTEER OF THE YEAR FOR THE PROGRAMMERS NETWORK

JENNIFER NEW

Jennifer New is a tremendous help to the community and our gymnastics team. She is a passionate, committed and reliable volunteer.

Each year she comes in with fresh new ideas about how the gymnastics team can positively impact the local community. She organized a canned food drive around Thanksgiving, a toy and clothing drive around Christmas and spearheaded two special projects to add canned goods to all the little pantries around town and a clothing and toys drive.

OUTSTANDING VOLUNTEER OF THE YEAR FOR THE PARKS AND MAINTENANCE NETWORK

GOING BATTY

It was the goal of the Bay Springs Middle School Art Program to give back to the local community. Students created mosaic tiles focused on facts about bats that would be displayed outdoors in public parks. They are displayed in a tunnel on the Carrollton GreenBelt. This section of the GreenBelt has seen an increase in use since artwork was put on the tunnel, particularly with families walking together. Park visitors can now come to the GreenBelt and enjoy walking, looking at the art work and learning.

PROGRAMMING & PROJECT AWARDS

OUTSTANDING SPECIAL EVENT IN THE ATHLETIC/AQUATIC NETWORK

YOUTH FISHING

The youth fishing tournament had 65 participants along with their families. Before the event was scheduled, DNR deposited more than 100,000 fish into Lake Carroll. The bank and dock areas were large enough to keep their six-foot safe distance without sacrificing the sights and sounds of each other's excitement when catching fish. Trophies were awarded.

PROGRAMMING NETWORK OUTSTANDING SPECIAL EVENT

PARKING LOT PARTY

The Parking Lot Party hosted by the Senior Center was a fun event where the seniors felt safe and it brought back joy and vibrancy during COVID. Seniors slow danced, line danced, did the Twist, Cha Cha Slide, Electric Slide, sang and hula hooped. A delicious BBQ meal was served along with lemonade and bottled water. It was great to see that just because someone is older doesn't mean that they can't still boogie and have a lot of fun!

ATHLETIC/AQUATIC NETWORK OUTSTANDING PROGRAM

EXCEEDING EXPECTATIONS

Lacrosse is taking off as a varsity sport in many high schools across the state. Until recently, it had never been offered in this community at the recreational level. Prior to the COVID shut down, lacrosse programs were very limited and the only option for families was to make the 40-minute drive to Atlanta three to four times a week for practice games. Last spring, the department took the program under its wing. The first season of Spring lacrosse had 50 participants, 3 teams and was a huge success.

PROGRAMMING NETWORK OUTSTANDING PROGRAM

CAMP WOODLAND

We partnered with a local camp to offer an outdoor camp for special needs participants. Prior to each weekend, event staff would meet with the director of camp and describe the participants that would be attending. In order to keep social distance, it was held on four weekends allowing 75 athletes to attend. They ziplined, used canoes and paddle boats, fished, swam, grilled out, cooked s'mores, played foosball, bocce and swung on the giant swing. After realizing how successful this outdoor activity was, the department will continue offering it each year.

OUTSTANDING PROJECT

OPTIMIST PARK

Improvements to Optimist Park made it more user-friendly and attractive. A new bathroom facility and a one mile concrete path were added. The two-court basketball area was more than 40 years old and had many cracks on the playing surface. The basketball court was removed, replaced and repainted. The fence around the court and the asphalt were removed and replaced. The playground was pressure washed and fresh mulch was added. On any day people are seen in the park walking the path, playing basketball or playing on the playground. This new and improved park is a nice place to get out and enjoy nature.

ATHLETICS

This year, typical daily activities were put on hold and a new normal became reality. The pandemic threatened to not spare our children, especially those involved in recreation programs and athletics. We saw numerous industries suffer, including factories, restaurants, schools, department stores and distribution centers, that had to either shut down or greatly reduce staffing. Following strict guidelines, CPRD needed to find a way to keep kids active, socialized and feeling normal. Due to the creativity, collaboration and strong relationships between the CPRD, city council and Recreation Commission, we came up with strategies to allow athletics to continue operating. There were difficulties and hiccups throughout the year, but it was a very successful 2021 for our Athletic Department. We not only made it through the year successfully with all our sports seasons, but we also started a brand new athletic program, Lacrosse, in the spring of 2021. The CPRD now offers or directly oversees nine youth athletic programs. As we move forward into 2022 and beyond, our staff, volunteers, parents and participants continue to provide a strong base for the best programs possible for our community.

Activity	Participation
Girls Volleyball	100
Recreation Soccer	388
Spring Track	100
Youth Cross Country	40
Youth Basketball	220
Youth Lacrosse	50
Youth Football	139

AQUATICS

Aquatics offers inclusive programs for swimmers of all ages and abilities. Our swim lesson program is for children, ages 6 months to 12 years. We also offer three different types of water aerobics classes (deep water, morning and evening water aerobics) for ages 18-plus which focus on endurance, resistance training and creating an enjoyable/social atmosphere with music. Lap Swim allows participants to swim laps/exercise at their own pace. Lifeguard training is offered twice a year to train our lifeguard staff and make sure each is prepared and up-to-date on water safety training and certifications. Our facility numbers in all of our aquatic programs have really soared this year. Even in a year filled with uncertainty, we worked with our mayor and council, city manager, recreation department and community to come up with strategic guidelines and safety protocols that allowed our aquatic facility to provide a somewhat normal routine of activities.

BLUEFINS

The Carrollton Bluefins swim team offers eight levels of swim, from the Junior Bluefins program to the Senior Group level. We have also added a masters swim team for those 18-plus. The Junior Bluefin program is set up to be the link between swim lessons and the competitive team. Participants range in age, from 5 to 11. Of the 30 swimmers that started Junior Bluefins, eight have already been placed on the competitive team. This year, middle schoolers from Carrollton, Central and Bremen have been coached by the Bluefin staff to develop new skills and compete on their respective school teams. Six of the middle school swimmers have joined the Bluefins full time. We competed in 15 meets throughout 2021.

Activity	Participation
Preschool Swim Lessons	260
School Age Swim Lessons	200
Semi Private Swim Lessons	200
Lifeguard Training Class	16
Water Aerobics	564
Swim Team	151
Swim Team Meet Attendance	399

LAKESHORE CENTER AND POOL

Lakeshore Recreation Center provides a fitness center and gymnasium. We offer individual, senior and family memberships for our facilities with several options to choose from (monthly, three months, six months and annual). Members can use the fitness center, pool and gym. The facility is open six days a week. Membership numbers and use of the facility have remained steady.

Activity	Participation
Pickleball Daily Passes	30
Fitness Center Pass	207
Pool Daily Admission	4,421
Membership Sales	1,033
High School Swim	106

CATHERINE HARDY LAVENDER CENTER

The Catherine Hardy Lavender Center is a unique and comprehensive recreational facility that caters to and serves not only the West Carrollton Community, but the Carrollton community at-large. CHL houses a gameroom, weight room, four multipurpose rooms and a full court basketball gymnasium. CHL is extensively used by the local community for weddings, birthday parties, bereavement and repass services and community outreaches. The list continues to grow as the needs of our thriving community grows.

The staff at CHL hosts a number of yearly events including adult and children bingo, billiards tournaments, yearly festivals and the center's main activity, the Rainbow Summer Day Camp. During June through mid July, 2021, we reinvented the Rainbow Summer Camp to offer Rainbow Summer activities, which were offered in the afternoon instead of morning. It was free and did not require as much staffing, so the overall cost of the program has been an economic saving.

CHL is also home to a zero depth water park and Legends West Park. Both of these amenities saw great usage, especially during the summer months.

Activity	Participation
Billiards Club	20
Bingo Mania	38
Rainbow Summer Activities	400

PROGRAM DIVISION

The Program Division had a wonderful year, despite the pandemic. Staff became more creative than ever, inventing new ways to do programs while keeping the public safe. Thousands of fish were released into Lake Carroll in cooperation with the Ga. Dept. of Natural Resources in time for our Kids' Fishing Tournaments. The events were family affairs and everyone felt safe being outdoors and socially distanced. The Fall Festival was also held outdoors, with more blow-up games than we ever had before! More than 750 people attended. Therapeutics were unable to do Special Olympic programs for more than half the year due to COVID-19 concerns. They created fitness programs in the parks and went to Camp Woodland for educational outdoor programming for special needs children and adults. The Senior Adult Center also added a new outdoor program called the Parking Lot Party, featuring a DJ, a barbeque sack dinner, line dancing in the parking lot, hula hoop games and much more. The seniors enjoyed the option of drive-thru meals instead of coming inside the building. For those in fragile health, this was a great option. Funding was increased for Meals on Wheels and a new full-time staff person was hired for that program. Staff also delivered commodities to the homes of many seniors in need of assistance with nutrition during the pandemic. Overall it was a great year with lots of positive changes. Dante Sipp, Anna Harry, Candace Cline and Bernice Scott were added to fill vacant full-time positions in the division.

SENIORS

Due to COVID-19, Senior Center staff continued with virtual programming and drive-thru meals until April 1. After that, inside activities and dine-in lunches continued. The drive-thru lunch program was so popular, we decided to keep it after we opened back up. Some of the highlights included a few Painting Parties where the participants had a professional instructor and made wonderful artwork. In May, a Parking Lot Party was held. There was live music, a BBQ dinner, dancing and popsicles. This event won a GRPA 4th District Award. Lisa Deming won an award for support staff. In July, Bernice Scott became a full time Meals on Wheels Coordinator and passed the ServSafe test. A Murder Mystery Dinner Trip was taken along with many other dinner trips locally. The year ended with our first ever Breakfast with Santa for seniors. The event included a delicious breakfast, cookie decorating, numerous games, arts and crafts, caroling and, of course, a visit from Santa himself.

Activity	Participation

Karaoke & Joyful Noise Gospel	0
Water Aerobics Class	21
Shopping, Dinner, Day and Overnight Trips	133

THERAPEUTICS

The Therapeutic Program provides social and recreational opportunities for children and adults with an intellectual disability. To participate in our program, you must be in a self-contained special education classroom or have graduated from the program. Most activities offered begin at age 8. We have a Masters Program for adults, ages 22+. Our program focuses on the skills needed to participate in community activities, train for sports, learn to be a teammate and have fun with peers. Our coaches work hard throughout the year to coach sports at the state level in the Special Olympics. In addition to Special Olympics, some of the events we host each year include a local bowling tournament, local track meet, a special needs beauty pageant called Miss Sparkle, dances each season (Back to School Pool Party, Boo Bash, Christmas Dance, Valentine’s Dance and End of the Year Party), a CIVITAN Christmas party and camps throughout the summer.

Activity	Participation
Miss Sparkle	25 girls, 12 escorts
Camp Participants	55
Back to School Pool Party	100
Practices for Fall Games	50
Fall Games Local Game Day	75
Fall Festival	125
Miss Sparkle	25 girls, 15 escorts
Civitan Christmas Party	420
Christmas Dance	150

CHEER AND TUMBLE

The Tumbling and Cheerleading programs are for participants who want to learn how to flip and participate in tumbling for fun and stay physically active and socially engaged. We also serve kids who are preparing for cheerleading tryouts at their schools or who are already cheerleaders looking to increase their skill level and stay brushed up on current skills. The tumbling classes are separated into five different skill levels. Participants are offered instruction on any skill desired, from forward rolls to advanced skills such as arabians, double fulls and whips. Cheerleading classes are offered for beginners through advanced and focus on tumbling, stunting, jumps and motions. We also offer a flexibility class that is helpful to both tumbling and cheerleading participants.

Activity	Participation
Progressive Tumbling Classes	454
Skill Classes	158
Kickboxing	25
Private Lessons	156
Supplemental School Training	112
Recreation Cheer Tumbling	47
Recreation Cheer Practice	47
Recreation Cheer Camp	47
Therapeutics Programming	15
Open Gym	10

GYMNASTICS CLASS

The Gymnastics Program is a scaffolding program for every age level, from walking to age 12. The journey starts in Parent & Tot in the preschool gym. As you age and your skills develop, you move through our program into the Big Gym, where our competitive team practices. Our class program gets inspiration watching the competitive team practice, which motivates and builds our class program and eventually, our competitive team program. We offer American Ninja Warrior-inspired classes for our boys, Carrollton Ninja Warrior. We also offer summer camps throughout the summer for preschool, school age and Ninjas.

Activity	Participation
Infant and Preschool Gymnastics	934
School Age Gymnastics	487
Ninjas Classes	124
Pre-Team	7
Team Members	58

GYMNASTICS TEAM

The Gymnastics Team remains strong, despite the challenges of the pandemic. The team practices five days a week on state of the art equipment at the East Carrollton Recreation Center. We currently have 65 gymnasts in the competitive program. Team members come from the gymnastics class program and are coached by USAG safety-certified coaches on bars, beam, vault and floor. New compulsory routines were taught this year that will be used until 2029. We compete in both AAU and USA gymnastics competitions. The new head coach is Dante Sipp.

SPECIAL EVENTS

Special Events and Programs are opportunities for leisure, social or cultural experience outside the normal range of choices or beyond everyday experiences. This year, we created a new event, Youth Fishing Tournaments. We partnered with Georgia DNR to stock Lake Carroll with over 100,000 catfish, bass and bluegill for the community to benefit from when fishing. East Carrollton Softball/Baseball Complex hosted over 30 tournaments, including girls softball, boys baseball, high school softball and adult softball. Concessions served between 700 and 1000 participants, coaches and spectators each day of those tournaments. We also added several new special programs: zumba, tae kwon do and esports. With COVID-19 and physical restrictions, esports online gaming league was a great alternative program for youth to enjoy from the comfort and safety of their own home.

Activity	Participation
Concessions/East Carrollton Softball/Baseball Complex	\$50,024
Concessions/East Carrollton Gym	\$2,000
Concessions/Lakeshore	\$1,800
Youth Fishing Tournament	350
Darkness To Light Training Class	65
Fall Festival	750

PARKS & RECREATION

The Parks and Facilities Division provides support services for all programming in all Parks and Recreation divisions. We also provide landscaping, grounds beautification and maintenance, facilities maintenance and custodial services for all of the department's buildings. As the parks superintendent, I oversee all landscape beautification projects and the maintenance staff that handles parks and grounds maintenance. 2021 was a busy year dealing with COVID but we still accomplished a lot. We completed several landscaping projects including the alleyway downtown, police facilities renovation and the Lakeshore tennis courts. This is in addition to the regular installation and maintenance of all flower beds around town, hanging baskets on the square and mowing, edging and trimming of more than 400 acres of park and greenspace properties. It is a challenge to say the least but with a great crew, we can get it all done.

PARK IMPROVEMENTS

- Installation of more than 2600 bales of pine straw
- Growing of all spring planted flowers in our greenhouse from January - April
- Installed thousands of bedding plants in beds all over town
- Maintained the GreenBelt by blowing it off at least one time each week
- Maintenance of eight playgrounds in multiple parks, including installation of 200 yards of playsafe mulch
- Pressure washing of more than three miles of the GreenBelt in the most stained areas
- Preparing the square for major events such as Taste of Carrollton, Mayfest, Arts Festival, Half Marathon, concerts and other special events
- Installation of new landscape at South and Maple Street intersection
- Purchase of a new 60-inch riding mower
- A multi-station outdoor fitness facility was installed

FACILITY IMPROVEMENTS

- Conversion of multiple facilities to high efficiency LED lighting
- Lakeshore Pool Renovation that included: liners for the big pool and the training pool, extensive concrete work, painting of the concrete deck as well as painting of the entire overhead metal superstructure, extensive welded repairs, caulking
- Midtown Pool spring opening including pressure wash, pump rebuild and replacement
- Paving of two parking lots at Lakeshore Park- tennis court and Barry Carroll Field lots
- Repairs of bad asphalt at East Carrollton Park
- Maintenance and custodial services to all Parks and Recreation facilities daily

SINCE 2004, THE CARROLLTON PARKS AND RECREATION DEPARTMENT HAS BEEN A NATIONALLY ACCREDITED PARKS AND RECREATION AGENCY. WE WERE RE-ACCREDITED FOR THE FOURTH TIME IN APRIL 2019.

CAPRA
**SETS THE STANDARDS OF
EXCELLENCE**
for parks and recreation agencies.

We are
ONE OF ELEVEN DEPARTMENTS
in Georgia to be
NATIONALLY ACCREDITED

183 AGENCIES FROM 38 STATES
have achieved this
MARK OF EXCELLENCE
throughout the United States

ADDITIONAL BENEFITS OF CAPRA AGENCY ACCREDITATION INCLUDE:

- ▷ Recognition of excellence in services and practices
- ▷ Means of Accountability and responsiveness to the public
- ▷ Boosts efficiency and encourages teamwork
- ▷ Builds a platform for ongoing improvement

THANK YOU FOR THE COMMUNITY SUPPORT
